THE SECRET WAR

CIA covert operations against Cuba 1959-62

By Fabián Escalante

For the first time, the former head of Cuban State Security, General Fabián Escalante, speaks out about the confrontation with U.S. intelligence and presents stunning new evidence of the conspiracy between the Mafia, the anti-Castro exiles and the CIA.

Escalante details the CIA's operations in the early years of the Cuban revolution, the largest ever covert action launched against another nation.

This book gives a thorough account of the massive Operation Mongoose, describing the U.S. plan for an invasion of Cuba in October 1962, prior to the arrival of the Soviet missiles on the island.
